

Analysis 1

Dieter Rams' 10 Principles of Good Design

Analysis 2

Evaluate the design below using conceptions of Good Design.

1. Polywrap Wastepaper Bin [\[link\]](#)

Origami inspired bin made from a single plastic sheet that can be folded to form the bin. It can be easily unfolded too, if you ever want to clean it. Made from a single material (polypropylene) and can be easily recycled at the end of its life.

Good design
